

Appendix D: Feedback Form

During the month of March, the Wind Powering America team conducted [a series of regional meetings](#) to better understand the barriers that hamper the appropriate deployment of wind technologies and provide a collaborative discussion. After reading through the draft summary report for the Southwest Regional Meeting, we strongly encourage people to provide any comments or perspectives that were not already captured. Please use the Feedback Form to document your feedback. When appropriate, please reference line numbers. We request all comments be returned to Corrie Christol by May 31st, 2011, corrie.christol@nrel.gov, fax: 303-384-7097. Once all comments have been received, efforts will be made over the next several months to formally synthesize the input from these meetings so that Wind Powering America activities help to support the wind community.
